

Aqueous Washing Compound Equipment

Chemtrol® offers a complete line of parts washing equipment. Stock machinery or custom solutions, we enhance your washing and production output.

- Ultrasonics
- Cell Washers
- Cabinet Washers
- Custom Washers
- Standard Drum Washers
- Immersion Tank Washers
- Standard Conveyor Washer

We Do It Chemtrol contract services

- **Better Quality and Consistency**
 - ISO9001:2008 certified
 - State of the art equipment
- **Expand space in your plant**
 - Free up square footage
 - Maximize floor plan
- **More time for production**
 - Waste disposal in accordance with EPA
 - Systems and compounds in one location
- **Cost Savings**
 - No need for dedicated staff, no training
 - Eliminate messy maintenance and repair

You Do It On-site industrial washing

- Efficient and cost effective set-up
- Wide range of equipment and compounds
- Consulting and problem solving
- 60 years of Industrial washing experience

Chemtrol® Industrial Washing Advantage

- Custom formulation to your specific need
- High temp (80°-180°F), High pressure application
- Film free, corrosion protection
- Environmental friendly and biodegradable options
- Disperses/emulsify a wide range of oils, greases, and soils

Available in 5 gallon containers, 55 gallon drums, and 275 gallon totes. Our experts have been developing washing compounds for the past 60 years and will make sure you select the exact formulation for your unique process.

Quality Formulations Since 1955

Backed by 3 Generations

Flawless Formulations, Exceptional Results

Chemtrol® offers a complete line of parts washing compounds for your washing equipment. Spray, immersion, or combination of both, we have a solution for you.

Industries that we serve:

- Aerospace
- Automotive
- Air Transportation
- Agriculture
- Construction
- Consumer Goods
- Electronics
- Energy
- Firearms
- Light Industrial
- Manufacturing
- Medical Products
- Powder Metal

Ultrasonic Cleaning

SONIC WASH LIQUID

- Exceptional Ultrasonic cleaner
- Great all-metal cleaning at (140°-180° F)
- Free rinsing expels troublesome residues
- General shop soils (ie: oils, grease, & chips)

pH - 9.5 | Usage - 1-10 (Oz. per gallon of H2O)

NEUTRAL DERUST LIQUID

- Unique light rust & scale remover.
- Non-caustic & low foaming for spray, in-process, & ultrasonic cleaning

pH - 5.6 | Usage - 10-25 (Oz. per gallon of H2O)

Spray Washing

526 LIQUID

- Liquid, heavy-duty alkaline degreaser
- High temp (140° - 180° F), multi-metal
- Machine oils, preservatives, & soils

pH - 12.0 | Usage - 1-6 (Oz. per gallon of H2O)

535D POWDER

- Powder, heavy-duty alkaline degreaser
- Wide temp range (110° - 180° F), multi-metal
- Ideal for the rebuilding industry, heavy machine oils

pH - 12.0 | Usage - 1-3 (Oz. per gallon of H2O)

548 LIQUID

- Inhibited, heavy-duty alkaline degreaser
- Wide temp range (110° - 180° F)
- Machine oils, preservatives, & soils

pH - 12.0 | Usage - 1-6 (Oz. per gallon of H2O)

SprayHib 6000 LIQUID

- Free rinsing, multi-metal, low-foaming
- Wide temp range (80° - 160° F)
- Temporary rust protection for ferrous alloys

pH - 10.5 | Usage - 1-10 (Oz. per gallon of H2O)

QUENCH WASH LIQUID

- Heat treat (<700° F), quench oils wash
- Low foaming & soil rejecting
- Temp range (80° - 180° F)
- Temporary rust protection

pH - 10.5 | Usage - 1-6 (Oz. per gallon of H2O)

RP 331 LIQUID

- Up to several weeks of indoor rust protection
- Stand-alone, dip, spray, or in-process
- Water soluble, non-tacky & film free
- Eco-friendly: (Nitrite, DEA, Barium & Phosphate free)

pH - 9.0 | Usage - 2-20 (Oz. per gallon of H2O)

RP 578 LIQUID

- Up to several months of indoor rust protection
- Stand-alone dip, spray, or in-process
- Water soluble, non-oily and film free
- Eco-friendly: (Nitrite, DEA, Barium & Phosphate free)

pH - 9.0 | Usage - 2-15 (Oz. per gallon of H2O)

INDUSTRIAL WASHING

Hot Tank Cleaning

515 POWDER

- Heavy duty alkaline hot tank cleaner
- Effective at low concentrations
- Does not contain highly caustic materials
- General shop soils (ie. Oils, Greases, Smut)

pH - 10.2 | Usage - 4-8 (Oz. per gallon of H2O)

534 POWDER

- Concentrate for ferrous alloys
- Ideal for the rebuilding industry
- Carbon, rust, heavy oils, greases, gums, adhesives, & most types of paint

pH - 12.9 | Usage - 4-8 (Oz. per gallon of H2O)

549 LIQUID

- Heavy duty, alkaline hot tank cleaner
- Superior oily soil cleaning at (120° - 180° F)
- Quality degreasing for steel & stainless alloys
- Ultra-fast wetting action minimizes time

pH - 12.0 | Usage - 4-8 (Oz. per gallon of H2O)
